T4 Mobile

To access T4 Mobile, click on the Safari browser from your iPhone. Enter the web address: [https://\[your firm name\].T4LOGIN.COM](https://[your firm name].T4LOGIN.COM)

Use the same address on a PC or MAC to access the full version of T4 WebTrader. Changed settings in T4 Mobile will affect the display of T4 WebTrader and vice versa.

Login Screen

1. Enter your firm name, user name, and password.
2. Tap the “Remember Me” check box if you want the application to remember your information and log you in automatically the next time you use T4 Mobile. Tap the “I have read and accept the Terms of Service” check box.
3. Tap on the “Login” button.

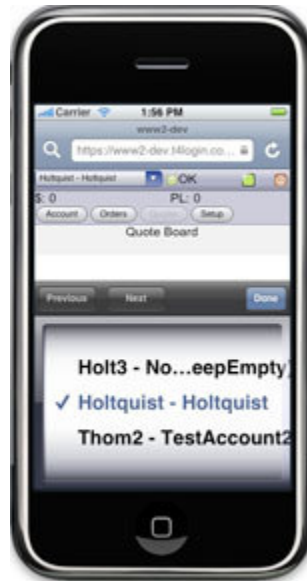

Upon successful login the Quote Board will automatically be displayed.

Main Toolbar

Changing the account you are trading with:

1. Tap the ↓ arrow in the account drop down box

2. Select an account from the pop up box
3. Tap the “Done” button.

The next portion of the toolbar displays your cash and P&L for the current trading session.

The account status indicator provides a color indication of your current trading ability. If this indicator is green, this indicates you are within your risk parameters. If this indicator is red, this means you reached your risk limit in some category. Call your clearing firm if you have questions regarding your risk parameters.

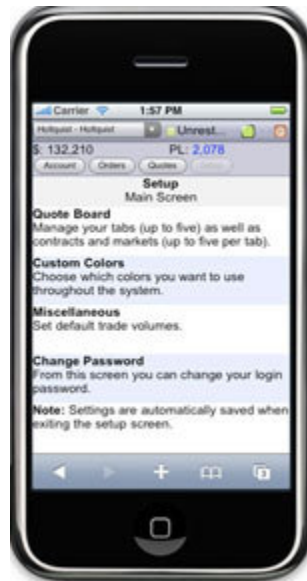

The connection indicator light tells you whether the T4 Mobile system is connected. If this light is green, this means the server is up and running and the connection is good. If this light is red, this means the server itself has lost connection, or the iPhone has its lost connection to the server. If the light is orange, this means the iPhone is receiving a weak signal. If you have lost connection, you will receive a “Warning” pop up box indicating that your connection with the server has been lost.

To restore your connection first, tap the “Attempt to Reconnect” button. If the iPhone does not reconnect, log off, and log back on.

The “Logout” button will log you out of T4 Mobile.

The four buttons: “Account”, “Orders”, “Quotes”, and “Setup” allow you to navigate to different windows within T4 Mobile.

Setup Window

To open *Setup* tap on the “Setup” button from the main toolbar. You will see four sections listed: *Quote Board*, *Custom Colors*, *Miscellaneous*, and *Change Passwords*.

Quote Board

Tap to edit *Quote Board* settings.

To add markets on the *Default* tab, tap “Manage Subscriptions”. You can have a total of 5 *Quote Boards* with 5 markets listed on each.

Tap on the “Add Subscription” button to bring up the *Contract Picker*.

Tap on the “Exchange” drop down box to bring up a pop up window listing all exchanges. Select an exchange and click “Done”.

Tap on the “Contract” drop down box to bring up a pop up window listing of all contracts offered. Select a contract and click “Done”.

Custom Colors

Tap to edit Custom Colors.

To change colors, tap on the color square you want to change and scroll to the bottom of the screen in order to view the Color Picker.

To select a custom color change the values in the 3 input boxes and tap “Ok”.

Miscellaneous

Tap to edit *Miscellaneous* settings.

Enter default volumes for the *Contract Window* and *Quote Boards*.

Enter a default volume for new orders.

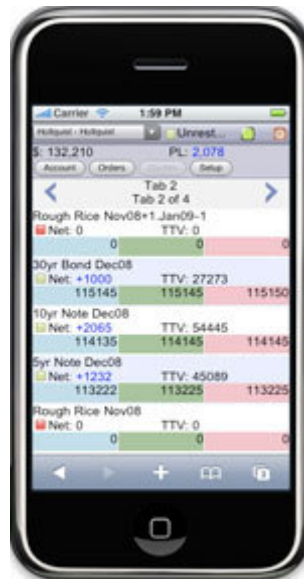

Change Passwords

Tap to change your password.

1. Enter your existing password in the “Old Password” field.
2. Enter a new password in the “New Password” field.
3. Re-enter your new password in the “Confirm” field.
4. Tap the “Change Password” button.

Quote Board

Tap the “Quotes” button in the main toolbar to open the *Quote Board*. The *Quote Board* is the default window displayed when you login to T4 Mobile.

Each row of the *Quote Board* will display the name, net change, total traded volume, best bid & offer, and last traded price for the desired market.

To switch between *Quote Boards* tap the left or right blue arrow. You can set up to 5 *Quote Boards* with up to 5 markets each from *Settings*.

View the depth of market by tapping on the contract name or the last traded price.

Trading from the Quote Board

Tap on the bid or offer to bring up an *Order Ticket*.

1. Enter the volume.
2. Select buy or sell.
3. Select an order type of *Stop*, *Limit*, *Stop-Limit*, and *Market*.
4. Set the desired price. If you want more than 10 prices to choose from, tap on the ... button and then select on the drop down box again, and you will see more prices to choose from. If you still want more prices, tap on the “...” button once more and select the drop down box, and you will have more options. You can also type in the price you want by clicking on the “Type a Price” button. Enter the price in the “Price” text box.
5. Tap the “Submit” button to enter the order. You will see a yellow pop up note indicating that your order has been submitted. You will also see the new order displayed in the Orders Window.

Contract Window

Tap on the contract name or last traded price from the *Quote Board* window to open the *Contract Window*.

The *Contract Window* displays the market depth for the contract you have selected. Here, you can also see the high and low price of the day, as well as the total volume generated by that contract.

Trading from the Contract Window

Tap on the bid or offer to display the *Order Ticket*.

1. Enter the volume.
2. Select buy or sell.
3. Select an order type of *Stop*, *Limit*, *Stop-Limit*, and *Market*.
4. Set the desired price. If you want more than 10 prices to choose from, tap on the ... button and then select on the drop down box again, and you will see more prices to choose from. If you still want more prices, tap on the "..." button once more and select the drop down box, and you will have more options. You can also type in the price you want by clicking on the "Type a Price" button. Enter the price in the "Price" text box.
5. Tap the "Submit" button to enter the order. You will see a yellow pop up note indicating that your order has been submitted. You will also see the new order displayed in the Orders Window.

Order Book

Tap on the “Orders” button on the main toolbar to open the *Order Book*.

Your orders will appear in chronological order from earliest submit time to newest submit time. You will only see 5 orders per page, so you must tap the left or right blue arrow to scroll to the next page.

Tap the “View” button to display the *Order Ticket*.

Revise an order by changing the quantity and/or price. Tap the “Revise” button to send the revision.

Cancel an order by tapping the “Pull” order button. Tap the “Ok” button in the confirmation box to send the cancelation.

Close the Revision Ticket by tapping on the “Close” button.

Account Board

Tap on the “Account” button on the main toolbar to open the *Account Board*.

The *Account Board* provides you with account and position details including P&L.
